

## Communications & Electronics Engineer

I want to employ my Technical & theoretical knowledge as an Engineer to serve enhancing services provided by my company and make our world a better place.

# Abanoub Fathy

## Personal Information

**Name:** Abanoub Fathy Anwer Farag

**Phone:**

+2 01208026399

+2 01124038298

**Whatsapp:**

+2 01287799280

**E-Mail:** [aop4ever@gmail.com](mailto:aop4ever@gmail.com)

**Address:** Sohag City, Egypt

**Nationality:** Egyptian

**Military service:** Finished

**Age:** 25

**Marital status:** Single

## Personal Skills

- Hard Worker
- Strong decision maker
- Complex problem solver
- Goal Oriented
- Innovative
- Critical Thinking

## Languages

Arabic – Native

English – Bilingual

## Education

2014-2019

**Qualification:** Bachelor of Engineering in communications and Electronics Engineering.

**Final Project:** Design of automatic accident detection & management in vehicular environment Using IoT.

**Total Grade:** Distinct with honors.

**University:** Sohag University, Egypt.

## Experience

03/2021 to 08/2021

**Teaching Math in FGIS school American department**
